# ASI Legal Indexing SIG

## SIG History

The Legal Indexing Special Interest Group was established in November 2006. This SIG is for any indexer interested in legal indexing. The SIG is open to any member of ASI and the other indexing societies worldwide. You must be a current member of your national society to belong to this SIG.

The dues are \$20.00 per year.

Our discussion group is for information exchange, support, job referral, and peer reviews.

## Our Mission

1. Provide members with a networking forum for information exchange. It will be a place to ask any and all indexing questions related to legal indexing.
2. Assist with professional development. This will be accomplished by allowing legal indexers to interact with each other, support each other, and offer training related to legal indexing at chapter or national conferences or other venues. Offer a place for peer reviews of legal indexes, which will help develop the skill level among members.
3. Coordinate marketing to publishers and job referrals. The listserv will be a place where legal indexers can post information about job leads or publishers.
4. Give back to the community of indexers. As a group, we can offer more than we can individually.

## Our Officers

Mary Harper—Moderator

Susan Barnes—Treasurer

Maria Sosnowski—Events Coordinator

## Our Marketing Team

Janyne Ste. Marie

Mary Wendt
